Why not us?

CTE Advisory Group Session

February 27, 2014

I. Mark Richardson What are the economic needs of our community? What opportunities do you see for improving the economic plight of many of our citizens?	II. Peter Mitchell What skill set, training or credential is most beneficial within the machining/welding sectors of the economy?	III. Perry Hughes How is Rockingham Community College doing to meet such need? What skill sets and abilities are necessary for such programs at RCC?	IV. Max Dooley & John Butler What are the programs within our high schools that are intended to help students develop the skill set to be successful at RCC? How can we attract more rising 9 th grade students to your programs?	V. Ken Scott/Group Where do gaps in expectation exist between the community, industry, RCC and public schools? What might be done to fill such gaps?
